**anuevadreamrings** "I absolutely love your company and what you have built. It's amazing. I'm grateful for my unique pieces. Thank you so much." — Pam

Pam is a loyal, sweet customer and currently owns three beautiful Anueva pieces! While it's no wonder she fell in love with this magnificent 2ct Pear Forest Green Nigerian Six-Prong, Split Shank Solitaire ring, we're so incredibly thankful she did! 🍋🌲 Thank you for your kind words and support over the years, Pam! 🥰

**anuevadreamrings** A picture-perfect couple! Amanda and her new fiancé, Oliver, created this ring on our site, and it's so pretty we want to cry. 🥹💜 We're so happy for this newly engaged (and home-owning!) couple!

A few months back, we hand-picked this magical untreated purple oval sapphire specifically for Amanda at the gem show! And now she's come to life and found her forever home! 🥰🦄

**anuevadreamrings** Our biggest congrats go out to Christine and Mark on their recent engagement! 🥂🌊 We are living for this mermaid ring! The nails, the stone, the water... \*swoon.\* 💎💕

The semi-custom ring was made with our simple "Build Your Own" feature. This lovely couple set a 1.87ct Geo Oval Silky Teal Montana Sapphire in our Hidden Halo Double Prong Setting. 💕

Love this ring? Planning a summer proposal? Build your very own [#dreamring](#) at [AnuevaJewelry.com](#) (link in bio!) > Start by searching loose stones and then choosing your setting options. EASY PEASY!

**anuevadreamrings** The countdown is ticking away! ⌚ Emma and James posted this photo to commemorate their one-year proposal anniversary! You'll both be saying, "I do!" before you know it! 🥰

This ring was created with our "Build Your Own" feature! They paired a stunning deep green, oval sapphire with our Asymmetrical Diamond Cluster setting and we can't get over how beautiful it is! 🥹💚
